

Kiln Dried Sand

READER

CEMENT PRODUCTS

HEALTH & SAFETY

- As with all naturally-occurring silica sands, small amounts of respirable silica may be present.
- If inhaled in excessive quantities over extended periods, respirable silica can constitute a long-term health hazard.
- Do not breathe dust.
- Avoid eye contact.
- In case of contact with eyes, rinse immediately with plenty of water, avoiding rubbing action. Should irritation persist, obtain medical advice.

For cementitious mixes, follow health and safety advice detailed for cement.

DESCRIPTION

A dry, lime-free washed silica sand, which contains approximately 95% silica. The typical grain size is $\leq 0.5\text{mm}$.

PACK SIZE

- 25Kg Weatherproof bag
- Bulk

COVERAGE

One Maxipack bag: approximately $3\text{-}6\text{m}^2$ dependent on block type.

STORAGE

For best results, store correctly and use within a 12 month period of manufacture.

APPLICATIONS

Specifically produced for brushing in between the joints of block paving to prevent lateral movement of the blocks.

Reader Cement Products Ltd.

Kirkby Lane, Pinxton, Nottinghamshire, NG16 6HX, United Kingdom.
